Upgrading your Certification

Junior qualifications may be upgraded to full adult certifications upon reaching the age of 15 with no further training requirements. Referral to full Open Water must be completed within 12 months. There is no time limit to upgrade from Scuba Diver to full Open Water Diver.

Medical and Health Considerations

You need to be reasonably fit and complete the medical statement overleaf. Should you answer "yes" to any of the medical questions you are required to have a doctor's confirmation in writing that you are medically fit to dive. If this causes any problems we have a specialist Diving Medic who can be consulted.

The swimming requirements are:

Scuba Diver 10 minute tread water / float
Open Water Referral / Full 10 minute tread water / float
and 200 metre swim (any stroke / not timed)

Advanced, Speciality and further education courses

Unless you have previously qualified with Divemaster Scuba, please attach a copy of your most recent diver certification. Some PADI courses require evidence of diving experience in which case copies of log book entries will also be required.
