## Welcome to the East Midland's largest and friendliest diving community

Divemaster Scuba is one of the longest established independent dive clubs in the area. We have affiliations with many other dive clubs and centres all over the UK and the world.

With over 1400 members joining us since 1999 our training record and success rate is second to none.

Our holidays are legendary, Malta, Maldives, Tenerife, Caribbean and great value.

We offer a warm welcome, professional training in a fun and relaxed atmosphere together with regular dive trips and social events.

## Come and join us

### Pool Sessions

This is where we learn and practice all the necessary skills before we go into open water. With 2 hour pool sessions the learning is relaxed and fun. We have Beechdale Pool every Tuesday evening meeting at 7pm, in water for 7:30 - 9:30, and Ken Martin's Leisure Centre on Sunday afternoons, meeting at 1:30pm, in water for 1:45 - 3:45. Remember, everything is provided for you.

### Academic Sessions

The Open Water and Referral academic sessions take place on a Thursday evening at the Dive Centre on Aspley Lane. Here we go through the completed knowledge reviews from your study manual and some short quizzes based on the same principles. We start at 7pm through to about 9:30pm. Refreshments are provided. Alternative dates and times by arrangement.

### Open Water Sessions

This is where we get to put it all into practice and do some proper diving. We use two local inland open water sites depending upon the time of year. We suggest that you allow £15 - £25 per day for entrance fees, parking, teas, coffees and some food. Both sites offer very good facilities and are excellent for diver training. Start times vary, 8am for Stoney Cove and 10am for Blue Lagoon.

### PADI Advanced Open Water Courses

Our PADI Advanced Open Water Course consists of 5 adventure dives (Dry Suit, Peak Performance Buoyancy, Navigation, Multi-level / Computer and Deep) over two open water days. In the UK we complete the whole of the course in a dry suit so we add a deep pool orientation session at the beginning of each course. This is also an ideal opportunity to brush up on those scuba skills learnt during your PADI Open Water Course.

### Kids Scuba Sessions

PADI Seal Team and Bubblemaker take place at Ken Martins on alternate Sundays throughout the year. Once having completed a Bubblemaker and Seal sessions 1 - 5, we can start on the exciting aquamissions. Kids are welcome at all the sessions to practice previous missions and skills or simply have a supervised play.

### PADI Dry Suit Diver Speciality Courses

Our PADI Dry Suit Diver speciality course is generally completed over 1 academic session, a deep pool session and an open water day. This is a very popular course for divers wishing to dive regularly in the UK. You will not be able to hire a dry suit without this qualification.

If you have taken your advanced course with Divemaster Scuba in the UK, you will have already completed the pool orientation and first adventure dive. For the full certification you will need to view the DVD and complete the academics.

### Course Booking

All courses and pool sessions must be pre-booked. When you book your course you will receive all the course materials and study manuals within the PADI Crew Pack. Most courses require an element of home study supported by academic sessions at the dive centre. This will be fully explained with convenient dates and times arranged. Please try to book a minimum of two weeks in advance.

### Flexible Course Academics

Course academics are where we learn the basic principles and theory involved in the activities we will be undertaking. Because we have full-time staff at the dive centre, we are able to offer a flexible approach during the day, evenings and weekends. Some courses also offer on-line facilities through the PADI eLearning program. This is being extended on a regular basis.

### Club Diving Inland Dive Days

Once qualified it is great to get out there and do some diving in the company of others. At our inland club diving days you can just come along, perhaps hire some kit and join in. The inland sites are not weather dependant, so no matter what, we go diving. During the summer various coastal weekend trips are organised and these are published on our facebook group.

### PADI Rescue Diver Courses

Our PADI Rescue Diver course is generally completed over 1 academic session, two pool sessions and an open water day where we put all the skills into practice. Prior to the first pool session participants must have completed a sanctioned course in CPR (for example EFR), completed the academic session and viewed the PADI Rescue Diver DVD.

### PADI Speciality Courses

At Divemaster Scuba we offer a full range of PADI Speciality Courses. From Altitude Diving through to Cavern Diving, Digital Photography, Navigation, Wreck and many more. The courses can vary with some completed within a single day and others over a couple of weekends. One off adventure dives (first dive in the speciality) can also be arranged. Please ask for further details.
