

# **Divemaster Scuba Club**

## Membership Terms and Conditions

### **Club Provisions**

The Club provides a framework to enable frequent and casual divers to enjoy the benefits offered by associated Dive Centres and Dive Professionals. This could include, but is not restricted to, member's discounts, organised trips, holidays, pool facilities, equipment hire, scuba training etc.

### **Scuba Training**

The Club does not provide Scuba Training, nor does the membership insurance cover any individual involved in private or professional instruction. All training activities conducted through the associated Dive Centre or Dive Professional are neither sanctioned nor endorsed by the Club. Training activities conducted on organised Club events are not deemed Club activities.

### **Club Insurance**

The Club provides third party public liability insurance for its members. This is a basic requirement for many club trips, and organised activities. Cover is only provided for individual current members whilst involved in officially sanctioned Club events. Associated Dive Centres or Dive Professionals are required to provide their own individual professional liability insurance.

Where non-club members are permitted to join Club activities by the Associated Dive Centres or Dive Professionals the whole activity is to be deemed a Non Club activity. It will therefore be up to the Associated Dive Centre or Dive Professional to provide adequate insurance for the whole event to include club and non club members.

### **Club Events**

Club events are listed on the club calendar, our www site, facebook (Divemaster Scuba Group) and by e-mail or post.

### **Pool Facilities and Equipment Rental**

Pool facilities and equipment are provided by the Associated Dive Centre or Dive Professional. Pool and hire fees are paid directly to the Associated Dive Centre or Dive Professional. The Club can accept no responsibility for availability or services supplied. Bookings should be made directly with the Associated Dive Centre or Dive Professional.

### **General Rules and Regulations**

Those of the facilities provided by the Associated Dive Centre or Dive Professional will generally apply regarding minimum swimming ability, age etc. In the event of no provisions being available the following will apply:

- Children under the age of 12 must be accompanied and supervised by a responsible adult.
- Members must not participate in activities for which they are not properly trained.

### **Definitions**

Associated Dive Centre: PADI registered Dive Centre who has agreed to provide facilities and services for the use of Club members.

Associated Dive Professional: PADI Professional instructor who has agreed to provide facilities and services for the use of Club members.
